

ANILCA

Fish & Wildlife Species List IN THE CHUGACH REGION

Federal Subsistence Management Program

This program is administered by both the Secretary of the Interior (DOI) and the Department of Agriculture (DOA) per the Alaska National Interest Lands Conservation Act (ANILCA) of 1980. This program is a multi-agency effort that provides subsistence opportunity to federally-qualified subsistence users on federal public lands and waters while maintaining healthy fish and wildlife populations.
